**MEMORANDUM**

**TO:** Metropolitan Planning Organization Committee Members  
**FROM:** Kip Harrington, Division Manager  
**DATE:** November 29, 2023  
**RE:** **23TP039 – 2024-2027 Transportation Improvement Program – Amendment #24-001A**

Attached for your acknowledgement is Administrative Amendment #24-001A to the 2024-2027 Transportation Improvement Program. This amendment adds an emergency structure repair project on the Interstate 190 structure over Interstate 90. A truck carrying an overheight load hit the structure, causing damage and the need for emergency repair. The company responsible has been identified, and will be responsible for reimbursing the cost of the repair once it has been completed and actual costs have been documented. This change results in an increase in funding to the Interstate Maintenance Projects category in 2024.

The proposed change is contained in the table below.

Project Category / Description	Project Year	Original Cost (millions)	Revised Cost (millions)	Net Change
<b>State Highway System Urban Projects</b>				
<b>Interstate Maintenance Projects</b>				
0.12 IM 0902(00)1 09NXI90 - I90 & I190 Interchange over I90– Structure Repair Bridge	2024	\$0.000	\$0.208	<b>+\$0.208</b>
<b>Total Change to Category</b>				<b>+\$0.208</b>

**STAFF RECOMMENDATION: Staff recommends approval of the 2024-2027 Transportation Improvement Program Amendment #24-001A.**
