RE: **24TP020 – Resolution adopting the Rapid City Area Metropolitan Planning Organization Functional Classification Map**

Attached for your review and approval is the Rapid City Area Metropolitan Planning Organization Functional Classification Map. This map identifies specific types of roads and the corresponding functions of those roads, based upon rules prescribed by the Federal Highway Administration. Following the 2020 Decennial Census, the defined Rapid City Urbanized Area boundary was changed, which required modifications to the Functional Classification Map.

The South Dakota Department of Transportation, in conjunction with the Federal Highway Administration and the Rapid City Area Metropolitan Planning Organization and its associated jurisdictions, has recommended that changes be made to specific roadways based upon the functional classification standards as prescribed by the Federal Highway Administration.

**STAFF RECOMMENDATION: Staff recommends approval of the Resolution adopting the Rapid City Area Metropolitan Planning Organization Functional Classification Map.**
